AQUIDOC : The Association of Junior Researchers in Aquitaine. AquiDoc is a pluridisciplinary association set up in 2007 whose primary mission is to encourage junior researchers (doctoral students and Ph.D. graduates) to take up a career in the non-academic sector. With this goal in mind, AquiDoc offers all Junior researchers in Aquitaine information, advice and workshops to help prepare their recruitment, especially by organising the annual Jobs Forum or [Forum AquiDoc](#).
